“Beliefs have the power to create and the power to destroy”—ANTHONY ROBBINS

Uit die Redakteur se pen

Die Percheron het sy hoefdruk verewig in 2011 en weereens gewys waartoe hy instaat is. Lees meer oor die eerste Percheron Provinsiale Kampioenskapskou by “Horse of the Year 2011” en oor die eerste Percheron wat die Horse of the Year titel verower het. Geniet die groot hoeveelheid fotos! Meer oor die eerste en hopelik nie die laaste Percheron Inligtingsdag wat ‘n reuse sukses was. Daar is ook baie telernuus in die uitgawe. Aan elkeen wat deel aan hierdie nuusbrief gehad het, hetsy deelname op ‘n skou of betrokkenheid met die Percheron, dankie vir jul ywer en samewerking om die ras bekend te stel aan almal in Suid-Afrika.

The accounts for 2011/2012 will be sent out at the end of April

Aansoek vir Keuring

Stel die kantoor in kennis by sapercheron@gmail.com indien u perde wil laat keur. 'n Keuringsaansoekvorm moet ingevul word voordat 'n keuringsdatum geskeduleer word.

Let wel enige gelde uitstaande sowel as die R500 keuringsfooi moet betaal wees voordat keuring sal plaas vind. Dit is in u eie belang dat perde reeds gechip en oor 'n DNA profiel moet beskik, om die registrasie en aanteken prosesse te bespoedig. Nadat die keuringsvorme die kantoor bereik het word dit na Stamboek gestuur vir aantekening.

Geboortekennisgewing

Indien die nodige dokumentasie vir geboortekennisgewings nie ingedien is nie sal die dier as "PENDING" op Stamboek se stelsel verskyn. Dis die teler se plig om die nodige inligting so spoedig moontlik aan Stamboek deur te gee. Sien "PEN-Dier" skrywe van Stamboek.

Mortru Percheron Stoet

Na die vorige nuusbrieff het ons ongelukkig weer teëspoed gehad. Netta het op 13 Januarie haar vul tydens geboorte verloor. Omdat daar vanjaar geen vullens was nie het ons toe maar besluit om die geleentheid te gebruik om ons merries te leer werk. Ons het iemand gekry wat vir 2 weke by ons kom bly het en hulle baie mooi geleer het. Aangeheg foto's van Netta en Nella wat 'n stinkhout wa trek wat my skoonpa ±40 jaar gelede op 'n veiling gekoop het. Dit was die eerste keer dat hy hier op die plaas geloop het. Ons het nou begin om die vullisverwydering op die plaas met die perde en molwaentjie te doen en sal hulle geleidelik al hoe meer gebruik vir takies op die plaas.

Bosmar Percheron Stoet

Bonkige Bosmar stoet is baie opgewonde oor Bosmar Litchi wat dragtig is met Vallon Comet en die vulletjie gaan sy opwagting maak in Desember.

Ons het ook weer 'n suksesvolle perdrykamp in Desember 2010 aangebied. Een van die seuns wat nog nooit die woord perd gehoor voor hy aansoek gedoen het vir die kamp nie, het na 3 dae selfs tot in die plaasdam gaan ry met sy perd. Dit is net weer 'n bewys van die geskiktheid van die Percheron kruisperde met hul pragtige temperament vir beide ervare en onervare ruiters.

Ons het ook met die Percheron kruisperde op Pretoria skou gaan deelneem, en is baie trots op 'n derde plek in die "Working Hunter" klas met Bosmar Flamba en ruiter Christi Boshoff.

Mafura Stoet

Mafura Zanobia het geul. Zanpa, Sympa se eerste KI Hingsvul is op 18 Februarie gebore. Daar is ook reeds merries dragtig van die ingevoerde hings, Unico de la From.

Grootdraai Percheron Stoet

Hartseer nuus is dat Almarada Cordile dood is aan Bosluiskoors. Gelukkig kon haar vul hans grootgemaak word en lyk sy na 'n belowende jong merrie.

Indien lede perde te koop het, laat weet asb die kantoor. Navrae word van voornemende kopers ontvang.

6. INFORMATION DAY

Percheron Inligtingsdag 2011

The First Percheron Information day was held on the 19th of February 2011. Percheron breeders and enthusiasts from all Provinces attended the meeting at the Summerwind Stud outside Pretoria. The day started with Dr Stephen Hughes giving more info regarding Artificial Insemination and the dynamic procedure involved with AI.

Dr Hughes

Mr Labuschagne

Mr Herman Labuschagne from SA Studbook explained the roll that Studbook plays as a Registration Authority. Inqaba Biotech's Henriette van der Zwan explained to the meeting what

DNA Profiling is about and the reason for it's wide spread use in the livestock industry . Everyone received a Manual explaining the selecting and showing of Percherons.

Dr Beate von Teichman gave valuable information regarding African Horse Sickness, the symptoms and the importance of inoculating against AHS. Mr Francois du Toit, from ALZU Feeds, lectured on the importance of the correct feeding of Draft Horses. Feeding the Heavy Breeds is not about giving more concentrate but all about, balance between concentrate and sufficient roughage as well as access to clean water at all times. Insuring your horse is a subject not all breeders think about. Equipage's, Zelda de Witt explained to the meeting why insurance is important, especially when you travel to and from a show.

Dr Beate von Teichman

As the mornings proceedings went along, the more practical subjects followed. As the saying goes, **"No Hoof, No Horse"** and Master Farrier, Brian Donnolly couldn't agree more. He demonstrated how corrective shoeing and trimming on the Heavy Draught should be done. The filly, Vaninna de St Avit , owned by Sterkfontein Percheron Stud willingly presented a hoof or two for the demonstration. The sponsors for the day was SA Horseman, Onderstepoort Biological Products, and HQ magazine. The Society achieved it's goal of creating a platform for Percheron lovers and breeders to be informed, to be educated and to socialise around the Percheron Breed.

10. News from Members

Dream Big Percheron Stud

Dream Big het ondermeer twee merries en twee reun Percheron perde te koop. Mande noem ook dat sy "Partbred Arabs" te koop het. Kontak Mande by 082 897 9975.

Gemini Percheron Stoet

Gemini het hingste en merries te koop, meestal uit Elsenburg bloedlyne geteel. Kontak Johan van der Merwe by 082 650 7818

Summerwind Stoet

Summerwind het 'n merrievul ryker geword. Summerwind Sharifa is op die oujaar gebore. Summerwind Diesel is verkoop en sal sy plek volstaan op 'n Gasteplaas buite Pretoria.

7. SYMPA de BELLEVUE

"SUPREME CHAMPION BREED HORSE OF THE YEAR 2011"

Die Percheron Hings van die Summerwind Stoet het die eer gehad om met die louere weg te stap. Hy is bekroon as die "Opperste Kampioen Teelperd van die Jaar 2011" uit 17 rasse se Top Hingste en Merries. Dit is die eerste keer in die geskiedenis van die skou dat 'n Percheron hierdie gesogte titel verower. Die Genootskap wens Mnr Johan Henning baie geluk met die uitnemende en besonderse prestasie.

To celebrate Sympa de Bellevue's victory, the French Percheron Society draped the Stallion, Trinquer de la Touche in the South African flag at the SIMA International show in Paris.

8. Nuwe Teler

Die Genootskap verwelkom Andre en Stefni Boshoff van die Poundisford stoet, Bloemfontein in ons geleedere. Hulle het 'n merrie wat afkomstig is uit die Gentle Giant Stoet.

Mr Jack Maritz, well-known Arab Breeder and International Arab and Draught Judge dealt with conformation on the draught horse. Questions from the participants were answered together with a practical demonstration on the horse. The conformation of the stallion and the mare was discussed with specific reference to what exactly a judge looks for in the show ring. The French Percheron judge, Mr Michel Paris, with his son showed the correct turn-out for showing the Percheron. Michele Paris showed how to prepare the wool and what type and thickness of wool to use. This French Tradition of turning out the Percheron horse for a show is

Mr Jack Maritz

more than 100 years old. Different colours may represent different studs. At the end of a jam-packed course all sat down to a lunch and wine sponsored by the Summerwind Stud.

The course ended with the usual formalities. The French Percheron Society's President, Mr Francois Chouanard presented a plaque of acknowledgement for the promotion of the Percheron breed in SA to the President of the South African Percheron Horse Breeders Society.

The Council of the Percheron Society would like to express their sincere gratitude to all the participants who attended this first Information day. a Special thank you to all our Sponsors and Guest speakers for giving up their time and expertise for this noble cause. More Information days are planned in the future for the other Provinces.

Mr Michel Paris
